

# North Star Legacy Communities Project

## North Star Legacy Communities:

### A Florida Treasure

### [Preserving Cultural Heritage, Community History, and Celebrating Resiliency](#)

This project is intended to record and document the past and present history of historic Black communities in Jackson County in order to identify opportunities for economic development and promote entrepreneurship.

The final product will be an online Chamber of Commerce that will be a culmination of all known history, assets, and businesses that play an important role in each Legacy Community.

**You are invited** to share your knowledge and expertise about your family and community history, as well as, give direction on how this history can be packaged to help generate local business opportunities.

**Stay tuned** for news about social entrepreneurship during live video and call-in seminars!

**For ways to get involved** and to contribute your knowledge, please email Project Outreach Lead, Allison Stocker at [ads15@my.fsu.edu](mailto:ads15@my.fsu.edu)
